

Senior Hunger Mini - Grants: A Request for Proposals

The River Valley Regional Senior Hunger Coalition will fund at least 2 projects with a minimum of \$500 up to \$2,500 maximum. Projects will be designed to address at least one of the five focus areas of Georgia's State Plan to Address Senior Hunger. The five focus areas are **Today's Seniors, Health Impact of Senior Hunger, Food Access, Food Waste and Reclamation, and Meeting the Community's Needs**. Click the link to access the State's plan: <https://aging.georgia.gov/document/document/georgias-state-plan-address-senior-hunger/download>. With nearly 300,000 seniors at risk of hunger in the state of Georgia, a broader effort to reach these seniors must be made. The coalition seeks to fund direct service, education, and outreach projects with evidence that older Georgians who participate in the proposed project will help to increase food security among this vulnerable population. This request for proposals is a strategy to seed initiatives or expand existing initiatives that have an expansive reach, target seniors often missed, and have the potential for replication and sustainability.

The mission of River Valley Senior Hunger Coalition is to support the larger goals of River Valley Area Agency on Aging by assisting older individuals, at-risk adults, persons with disabilities, their families and caregivers to achieve safe, healthy, independent, and self-reliant lives.
